Favorite memory as a Hornet:

Serving as ASG President from 2007-2008 and all of my time spent in ASG!

Favorite college class or professor:

I enjoyed all of my courses in the Social Sciences Department, but my favorite professors were Dr. John Barnett & Dr. Joyce Thierer. We had a group of us who took a lot of the same political science/public affairs courses over a few years so it made it more enjoyable to have the “cohort” together almost every semester!
