

COUNSELOR EDUCATION

Web: <http://www.emporia.edu/ce/>

Phone: 620-341-5220

Chair: Katrina R. Miller

Graduate Faculty:

Professors: Katrina Miller.

Associate Professors: James Costello, Jessica Stallings, Gaelynn P. Wolf Bordonaro.

Assistant Professors: Melissa Briggs, Alice Frost Hinck, Robert Kircher, Damara Paris, Ceara D. Shaughnessy.

Instructors: Libby Schmanke.

The Department of Counselor Education offers graduate studies leading to the Master of Science degrees in Art Therapy Counseling, Clinical Counseling, Rehabilitation Counseling, and School Counseling. There is also a shared curriculum option in Art Therapy Counseling and Clinical Counseling resulting in an M.S. in Art Therapy Counseling and an M.S. in Clinical Counseling.

The department, which is housed in The Earl Center, 1601 State St., has a professional counseling clinic which includes digital audio-visual recording technology, individual and group counseling rooms, and an electronic health recordkeeping system all essential to the preparation of counselors in a global society.

Complete applications to Counselor Education are reviewed by an internal faculty committee. If selected for interview, applicants will meet with the committee on campus, by teleconference, or by videoconference. Applicants are notified of the committee's decision within two weeks of the interview.

Degree Candidacy Requirements

Candidacy is the formal approval for pursuit of the master's degree after it is determined that all specified criteria have been met. Upon completion of six to twelve credit-hours, students should make application for Degree Candidacy through their advisor.

Requirements for degree candidacy are as follows:

Degree plan filed through student's advisor.

Maintain a B average with no grade lower than B in core courses.

Graduation Requirements

In order to receive a master's degree from this department the student must accomplish the following:

1. Complete an approved program of study as developed and approved by the assigned faculty advisor.
2. Apply for Degree Candidacy.
3. Pass a written comprehensive examination (taken during the final semester of enrollment). Art Therapy Counseling students complete either a Master's Project or Thesis and do not complete comprehensive examinations. Comprehensive examinations are coordinated by the department's administrative assistant. Therefore, students need to sign-up for this examination during their final semester of internship. An alternative to the comprehensive examination is completion of a master's level thesis. Students pursuing the dual curriculum in Art Therapy Counseling and Clinical Counseling have to complete the comprehensive examination for Clinical Counseling and either the Master's Project or Thesis for the Art Therapy degree requirements.
4. Complete an Intent to Graduate Form (submit to the Graduate Office).

ART THERAPY COUNSELING ADMISSION REQUIREMENTS

Applicants must have:

- 1) Letter of application.
- 2) A B.S., B.A., B.F.A., or B.S.E. degree.
- 3) An overall 3.00 grade-point average on a four-point scale or a 3.25 on the last 60 semester hours for the undergraduate degree.
- 4) Graduate Record Examination (280 verbal and math) or Miller Analogies Test (40).
- 5) Three letters of recommendation.
- 6) A one-page statement describing interest in the field of Art Therapy Counseling, and interest in being trained in this profession.
- 7) A portfolio with 12 to 20 examples of artwork showing competence in a range of media (electronic portfolios are preferred).

- 8) Twelve (12) semester hours of psychology to include abnormal psychology, developmental psychology, and other psychology courses.
- 9) Eighteen (18) semester hours of studio art courses (may include art therapy based coursework).

It is recommended that applicants have previous experience with various special populations in volunteer work, summer jobs, etc. Please mention such experience in the letter of application. Art Therapy Counseling students have an option of either a Thesis or Master's Project track.

Total for Non-Thesis Option	60 hours

Students must complete the art therapy and counselor education courses with a "B" grade or better. Direct art therapy experience under AT-R supervision is required in Art Therapy Internship. The combined

experience must total at least 750 supervised hours of internship, which may be divided over two or more semesters at approved sites. Internship often begins Spring or Summer semester of the first year. Students are required to work with at least two different populations for a minimum of 100 hours. A student must be a degree candidate before enrolling in internship.

Length of Program

The M.S. in Art Therapy Counseling is designed to be completed in two academic years including summer internship however, part-time study is possible, which will increase the length of the program. Students with background deficiencies and those beginning the program in the spring semester should plan for extra time to complete degree requirements.

OPTIONS

- 1) Because the curriculum parallels that of a Master of Science in Clinical Psychology and Master of Science in Clinical Counseling, students may choose to complete the additional hours and internship for a second master's degree.
- 2) Additional education hours and student teaching may also qualify students for postgraduate teacher licensure in Art Education or Special Education with the state of Kansas.

CLINICAL COUNSELING ADMISSION REQUIREMENTS

The following requirements must be met for admission into the Clinical Counseling program:

- 1) An overall 3.00 grade-point average on a four-point scale or a 3.25 on the last 60 semester hours for the undergraduate degree.
- 2) Three letters of recommendation. If you are employed, a reference from your current or recent employer/supervisor is desired.
- 3) Graduate Record Examination (280 verbal and math) or Miller Analogies Test (40).
- 4) A B.S., B.A., B.F.A., or B.S.E. degree.
- 5) An online application (located on the Graduate School web-site) that responds to the following areas: The factors in your personal and professional background and experience that have led you to seek an advanced degree in clinical counseling, your professional goals, the type of work setting and the client population with whom you desire to work after graduation, and the kind of person you believe yourself to be (personal qualities or characteristics).
- 6) Abnormal psychology is the only undergraduate prerequisite.

M.S. DEGREE, CLINICAL COUNSELING

The purpose of the Clinical Counseling program is to prepare counselors to work in various addictions and mental health. **The program is one of four Clinical Counseling programs in Kansas accredited by the Council for the Accreditation of Counseling and Related Educational Programs (CACREP).**

CE 735 Co-Occurring Disorders	3 hours
Total	9 hours

The Counseling Internship

Interns will complete a 600 clock hour experience at a site or sites that offer opportunities for working with individuals served by institutions and agencies offering various addictions or mental health counseling services. The intern will engage in both individual and group counseling, and a variety of related activities that a regularly employed staff member in the setting would be expected to perform.

REHABILITATION COUNSELING

The purpose of the program is to prepare masters level rehabilitation counselors to work in a variety of rehabilitation settings, including public rehabilitation agencies, community based rehabilitation programs, correctional programs, alcohol and drug programs, independent living centers, employee assistance programs, educational settings, school to work transition programs, life-care planning programs, halfway houses, and group homes. Rehabilitation counselors provide or coordinate functional assessments; expert testimony; individual, group, and family counseling, vocational/career counseling, job development and placement; medical services; educational training; and follow-along services. Graduates are eligible for national rehabilitation counselor certification (CRC). **The program is the only one of its type in Kansas, and it is nationally accredited by the Rehabilitation Counseling is a 48-credit, fully online masters degree.**

Each student follows the same core curriculum. The unique academic background and work experience of each student is taken into account in planning a program of study. All programs require 100 hours of practicum experience and 600 hours of supervised internship experience working with persons with disabilities. Students will be required to pass the CRC examination or pass a written comprehensive examination.

Admission Requirements for the M.S. degree in Rehabilitation Counseling

- 1) Complete Graduate School Application.
- 2) Complete Department of Counselor Education Graduate Student Application. Available on the Graduate School web-site, or by contacting the Department at 620-341-5220.
- 3) An overall grade-point average of 3.00 on a four-point scale or a 3.25 on the last 60 semester hours for the undergraduate degree.
- 4) Three letters of recommendation. If you are employed, a reference from your current or recent employer/supervisor is desired.
- 5) Graduate Record Examination (280 verbal and math) or Miller Analogies Test (40).
- 6) A B.S., B.A., B.F.A., or B.S.E. degree.
- 7) An online application (located on the Graduate School web-site) that responds to the following

areas: Factors in your personal and professional background and experience that have led you to seek an advanced degree in rehabilitation counseling, your professional goals, the type of work setting and the client population with whom you desire to work after graduation, and the kind of person you believe yourself to be (personal qualities or characteristics).

- 8) Personal interview with rehabilitation counseling faculty.

Total required hours for degree 48 hours

M.S. DEGREE, SCHOOL COUNSELING

The purpose of the school counseling program is to prepare counselors to provide support services at the elementary, middle, or secondary school level. There are three ways to enter the school counseling program:

1. Students hold a teaching certificate and have two years of teaching experience in order to meet school counselor licensure requirements in Kansas.

2. Students have a degree in a counseling-related field and enroll in the Alternative Route to Restricted Licensure program.
3. Parallel Pathways is a new initiative developed by the Kansas State Department of Education to license additional School Counselors to serve in high need areas of Kansas. The requirements of teaching license and two years teaching experience are waived under the new Parallel Pathways legislation allowing people with a Bachelors degree in other fields to enter a Masters program in School Counseling. The additional requirements needed to complete a Parallel Pathways degree will include six (6) hours of field experience to gain firsthand knowledge of the school environment and the responsibilities necessary to provide School Counseling services.

Persons wishing to pursue a master's degree in the department are required to make application through the Graduate School and be admitted by the department. Applicants should complete all of the necessary admission requirements prior to their initial enrollment in courses.

Admission Requirements for the M.S. degree in School Counseling

A departmental admissions committee composed of three faculty members will consider the following criteria in deciding whether or not to recommend an applicant for admission to the department:

1. Complete Graduate School Application.
2. Complete Department of Counselor Education Graduate Student Application. The application is available on the Graduate School web-site or by contacting the Department at 620-341-5220.
3. Undergraduate (3.0) and/or graduate (3.0) grade-point averages.
4. Graduate Record Examination (280 verbal and math) or Miller Analogies Test (40).
5. Writing style and content of program application.
6. Experiences (education and employment history).
7. Three Personal References (links for references are available at the Graduate School web-site). At least one must be completed by a current or former supervisor.
8. Personal interview with program faculty.

The department reserves the right to waive some admission requirements for students with special needs.

Procedure for Teacher Licensure

Upon completion of the requirements, the student is responsible for applying for licensure by contacting the Certification Office of Emporia State University. The Certification Officer then recommends to the Kansas State Department of Education that the student be endorsed in the appropriate area as a teacher of learners with behavior disorders, learning disabilities, mental retardation, or gifts and talents.

The department will recommend a student for full licensure when all the requirements for the program have been completed. A grade of B or better must be earned in both practicum courses to receive a recommendation.

The program is one of only two CACREP (Council for the Accreditation of Counseling and Related Educational Programs) accredited School Counseling programs in Kansas.
